

Epic Hypothesis Statement	
Funnel Entry Date:	February 1, 2024
Epic Name:	Industry Innovation v1
Epic Owner:	Industry Innovation Service Leader
Epic Description:	For enterprising leaders involved or interested in the Tech Services industry who want to improve their career opportunities and the Tech Services industry's impact the AccelRR8 Consortium Non-Profit's Industry Innovation Service is an AI-powered innovation support function that helps patron-supported innovation teams use proven accelerators to develop innovative solutions. unlike other associations that support innovation, our solution's own success will be a key proof point of our Consortium's core premise: industry innovation teams, supported by generative learning and AI, use compounding innovation to develop solutions that address priority industry challenges, grow value exponentially, advance the state-of-the-art, and ultimately benefit humanity.
Business Outcomes:	• Subscribers and Patrons: improve their professional network, skills / capabilities, brand, and opportunities • Tech Services industry: cross-company learning among leaders with scarce talents • AccelRR8 Consortium: exponential benefits via Market Network Effects (per nfx.com)
Leading Indicators:	1000 subscribers in the AccelRR8 professional network who are net promoters of this service
Nonfunctional Requirements (NFRs):	• Desirability: all want exponential success, few know how to generate it, and stakeholders like our values and culture • Viability: the Consortium has the required capabilities and isn't trying to boil the ocean • Sustainability: the core premise (proven accelerators mathematically capable of exponential results) is enduring • Performance: the Service's own success will be a key proof of our core premise, creating a virtuous cycle • Usability: participating in industry innovation as a subscriber and/or patron must be incredibly easy
